

## How to download your Ordered Secured Documents

### Why is it a Secure PDF?

To protect the intellectual property rights (IPR) of Standards Developing Organization (SDO), we have implemented a security policy that utilizes a free Adobe Acrobat plug-in from FileOpen Systems, Inc. This security feature prevents the reproduction and redistribution of downloaded documents.

### What are the securities?

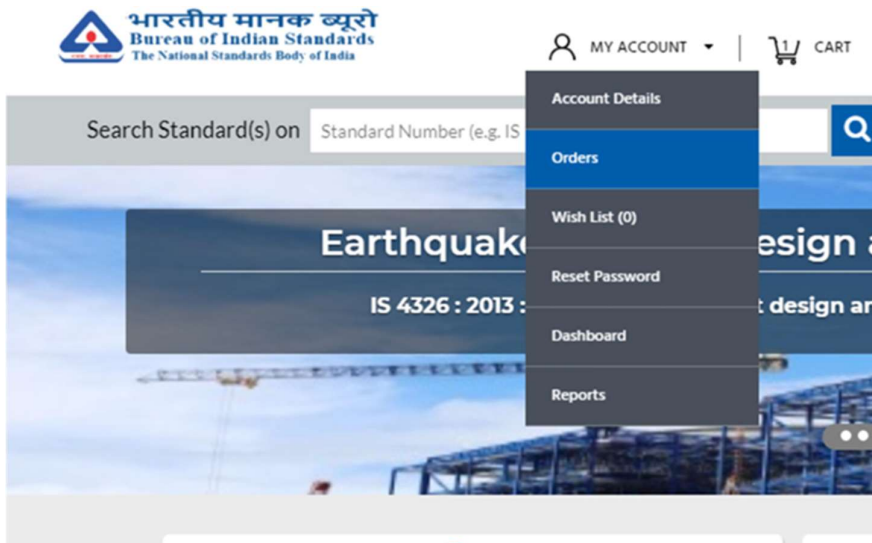

PDF files will be 'bound' to the First two (2) computers on which it was first opened. Once a PDF file has been bound to a computer, it can be opened only from that computer. Viewing Restrictions: You will be required to download the free plug-in to view any secured PDF document. There is no limit to the number of times a document may be viewed on your computer. Printing Restrictions: The plug-in limits the number of times the document may be printed to five copies. Since printing a part will be considered as one print, we recommend you print the entire document.

**This guide is to assist you in downloading and viewing the Indian Standards purchased from BIS E- Commerce website.**
